Yes, there was a homicide there in November, and it was narcotics/gang related. We have been there with rapid response and CSLA and Cal trans to do cleanups there on a weekly basis since that happened. There are still some people that are staying there, but it has not been a problem location sense. Since the location borders CD12, we have been able to do rapid response there at least once per week.

Hi Matthew,

I believe there was one a few months back and it was related to narcotics. An individual walked up and shot someone that was sleeping in a tent. I am pretty sure this was the location but I can reach out to Sergeant Case to verify.

Take Care,

Emada
